

K2 TIG 200 DC is an inverter-based single-phase high performance DC Pulse TIG and MMA welding power source. Lightweight and portable. Gives smooth high frequency and contact ignition with arc characteristics for quality welding.

Key benefits

- High frequency and contact (Lift TIG) ignition
- Upslope and downslope functions
- Pre-gas and post-gas timer
- Precise for mild steel and stainlesssteel welding
- User-friendly digital display
- 2-Year Warranty

Applications

- Installation and outfitting
- Repair and maintenance

- Thin sheet metal fabrication workshops
- Chemical and process industry

Technical Specifications
